10W Fast Wireless Charging

WCP-03

Bamboo Wireless Charger Stand. Compatible with all mobile devices that support QI wireless charging (latest generations of Android and iPhone). Input: 5V / 2A. Wireless output: 10W.

85 x 70 x 135 mm

Screen Printing, UV DTF Printing
Laser Engraving

Wireless Charging has been around since 1820!

In 1820, using an electric current and a magnetic compass, Danish physicist Hans Christian Oersted originally discovered that electric currents can create a magnetic field. But the history of wireless charging doesn't stop there! A decade later, Michael Faraday, an English scientist discovered electromagnetic inductive wireless charging!

A perfect accessory in your Office desk...
Experience the Convenience of a Wireless Charger with Pen Holder Stationery.

Staying connected and organized is more important than ever. With the rise of remote work and digital communication, having the right tools at your fingertips can make all the difference.

10W Fast Wireless Charging

JU-WDS2-BM

Bamboo Pen holder with Wireless Charger. Simply place your Qi-compatible device on it and let charge. Input: DC9V-2A, Wireless Output: 10W.

160 x 115 x 73 mm

Screen Printing, UV Printing, Laser Engraving

10W Fast Wireless Charging

WDS4

Cork Pen holder with Wireless Charger. Simply place your Qi-compatible device on it and let charge. Input: DC9V-1.5A, Wireless Output: 10W.

152 x 105 x 110 mm

TECHNOLOGY PRODUCTS

Promotional USB Flash Drives

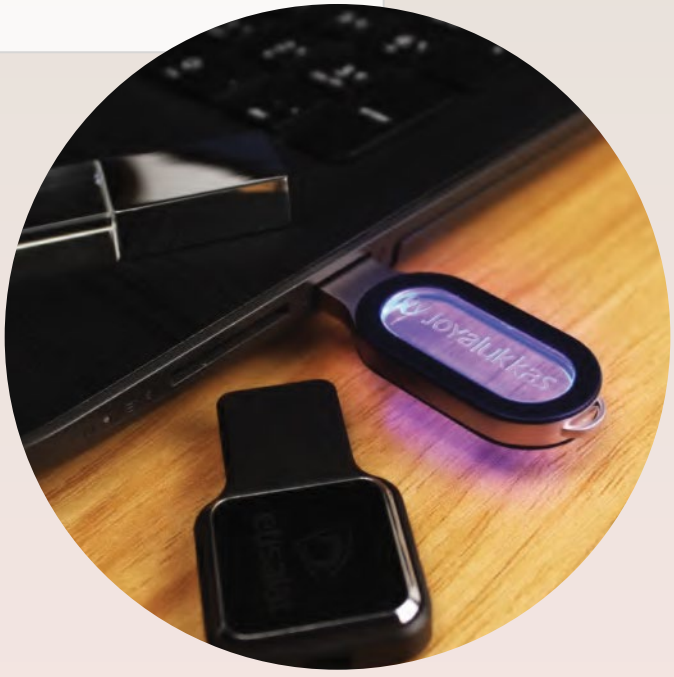

We specialize in importing quality USB Flash Drives for promotional purposes.
Our USB Flash Drives are sourced from reputable factories using quality components.
We pride ourselves on high standard levels and after sales services.

Benefits of Using USB Flash Drives

- Portability: USB flash drives are small and lightweight, making them easy to carry around wherever you go.
- Compatibility: USB flash drives are compatible with a wide range of devices, including computers, laptops, and smartphones.
- Ease of Use: Transferring files to and from a USB flash drive is quick and simple, even for beginners.
- Security: USB flash drives can be encrypted to protect sensitive data from unauthorized access.

Reasons why you choose us as your USB Flash Drive source.

- We import original chips separately and after testing & quality checking, We fix them in USB shells.
- We never import duplicate or upgrade chips and we offer warranty against defect.
- Fast delivery from ready stock.
- Big variety and range of products to select.
- Competetive prices with higher quality.
- Mock Ups and E-Samples

We never use upgrade chips
We use only original chips!

Data transfer between platforms without the use of data cables.

This Flash drives are a type of USB flash drive that can be directly connected to a smartphone or tablet, without the need for a computer as an intermediary.

One of the most significant developments in the field of data storage and transfer has been the emergence of OTG (On-The-Go) flash drives.

In today's fast-paced digital world, having a reliable way to transfer and store data is essential for both personal and professional use. One technology that has gained popularity in recent years is the OTG flash drive. But what exactly is an OTG flash drive, and how can it benefit you?

How to Use an OTG Flash Drive

Connect the OTG Flash Drive to your mobile device: Insert the USB connector of the OTG flash drive into your device's USB port. The device should automatically detect the flash drive.

Access Files on the OTG Flash Drive: Once the flash drive is connected, you can access its contents through your device's file manager or storage settings. You can view, copy, move, or delete files as needed.

Transfer Files: To transfer files between your mobile device and the OTG flash drive, select the files you want to transfer and move them to the appropriate location on the flash drive.

Eject the OTG Flash Drive: When you're finished using the OTG flash drive, safely eject it from your device to avoid data loss or corruption.

An Italian Heart

Precision design, meticulous engineering, constant research and testing, selection of the best materials. In short: a love for beautiful objects and care for the environment. This is what an Italian-made product means for Maxema.

More than just a pen

Those who know us are well aware that our pens are much more than just plastic. We have been working in Italy for two generations alongside people we trust and with whom we love to design top quality writing implements. Each Maxema pen is created from the desire to take care of the environment and our customers, with safe, reliable and durable materials. Our mission? To support your projects and help you, wherever you may be in the world, to tell your story and leave a lasting message.

Imprint your brand

Once assembled, the pen is ready to be "dressed" with a brand or message, choosing the most suitable combinations between finishes, colors and printing techniques. At the end of the process, the pen is finally ready to bring its precious message: your image.

maxema®

Maxema Antibacterial: design and safety

Take care of yourself even when you write: the plastic we use on our Anti-bacterial collection prevents bacteria from settling on pen surfaces and passing from one hand to the other.

Why choose Maxema Antibacterial Pen?

The plastic used is antibacterial

Certified antimicrobial additive releases silver ions and prevents bacteria from settling on the surfaces of the pen.

Bacteria: up to 99,99% less

Laboratory tests have shown that up to 99,99% of the bacteria on the pen are destroyed.

We Care about your health

Some bacteria can cause disease and infections: make your life still safer, even when you write.

RECYCLED PLASTIC PENS

Being Eco Friendly is a Way of Life.

For our recycled plastic pens we use materials of European origin that are 100% derived from postconsumer products. When appropriately treated, they guarantee high quality plastics, certified and compliant with RoHS and REACH regulations. The production process consists of collecting WEEE material (waste electrical and electronic equipment), carefully separating the plastic from metal, glass and ceramic residues, and turning it into granulate material. This is how the Recycled line is made.

maxema®

Recycled Collection

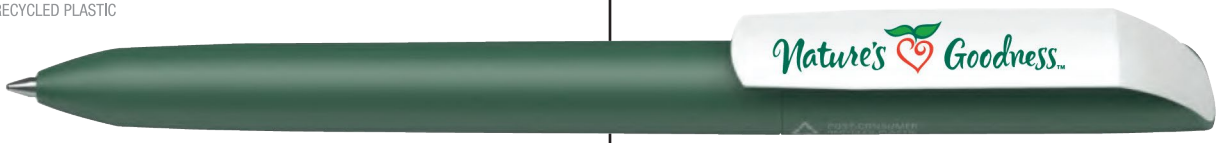

Change is a choice and it depends on each of us. To change means to choose responsible, sustainable consumption that prefers quality to quantity, better still if the raw materialscome from recovery chains

Choose Better. Make it last.

Who said good things don't last? At Maxema, we do everything we can to make our pens live for as long as possible. A Maxema pen loves nature: the longer it lasts, the less it pollutes. And, since one life seemed too short for us, wehave created a new line in recycled plastic, beautiful to look at and even more environmentally friendly

Message from a Bottle.

Kind is made of certified R-PET.
This material is obtained by gathering and recycling PET, the most commonly used polyester in the production of soft-drink bottles.

R-PET is made of recycled plastic and contributes to reducing the environmental footprint. Studies show that, apart from combating the accumulation of plastic waste, recycling 1kg of R-PET is equivalent to reducing CO2 emissions by 3kg

Tips for Using Promotional Metal Pens Effectively.

Choose a high-quality pen: Investing in a quality metal pen will ensure that your promotional item is well-received and reflects positively on your brand.

Personalize your pens: Add your company logo, contact details, or a motivational message to make your promotional metal pens stand out.

Distribute strategically: Hand out your promotional metal pens at events, trade shows, or as gifts to valued customers to maximize their impact.

Follow up: After distributing your pens, follow up with customers to see how they are enjoying their new pen and remind them of your products or services.

45 x 190 mm

Screen Printing
UV Printing

Did you know?

The **Ghaf Tree** is known for its remarkable ability to thrive in harsh desert conditions with very little water. Its deep roots can reach down to find hidden water sources, allowing it to survive even in the driest of environments. This resilience makes the Ghaf Tree a symbol of strength and perseverance in the face of adversity.

This Kit contents

Coir Pot (3 inch)

Soil Coin

Ghaf Seeds

Planting Instructions

Soak soil coin in water for few minutes till it expands.

Place the soil in the pot, plant the seed

Keep the soil moist by regularly watering it.

Shower it with some sunlight and little love.

SPS-06

Seed Paper Material: These products are typically made from biodegradable paper embedded with marigold seeds. The paper is often crafted from recycled materials like post-consumer waste or cotton scraps.

Plantable: After use, the paper bags can be planted directly into the soil. The embedded seeds will germinate and grow into beautiful marigold flowers, adding color and life to the garden.

Environmentally Friendly: By using recycled materials and promoting plant growth, these bags help reduce waste and contribute to a healthier environment.

Made from Recycled Apple waste Material

There are several key benefits to using recycled apple waste material in packaging. One of the most significant advantages is that it helps to reduce the demand for virgin materials, such as plastic or paper, which require significant resources to produce. By using apple waste instead, we can conserve natural resources and reduce our carbon footprint.

Portfolio Folders

Why should you invest in portfolio folders?

Portfolio folders offer a myriad of benefits, including:

Organization: Say goodbye to clutter and hello to a well-structured system. Portfolio folders help you keep all your important documents in one place, making it easier to find what you need when you need it.

Professionalism: Impress your colleagues, clients, and professors with a sleek and organized portfolio folder. It shows that you are meticulous and detail-oriented, qualities that are highly valued in the professional world.

Protection: Keep your documents safe from spills, tears, and creases with a sturdy portfolio folder. Many folders come with protective features such as water-resistant materials and secure closures, ensuring that your papers remain in pristine condition.

Tips for Organizing Your Documents

1.) Sort your papers into categories before placing them in the folder.

2.) Use dividers or tabs to separate different sections.

3.) Label each section clearly for easy identification.

4.) Regularly review and update your documents to keep them current

In conclusion:

Portfolio folders are a practical and stylish solution for keeping your documents organized and secure. With a wide range of sizes, materials, and designs available, there's a folder to suit every need. By using portfolio folders effectively, you can streamline your workflow, protect your important papers, and add a touch of professionalism to your workspace.

COOL TEX®

COOL & DRY - DRI-FIT

Polo-Shirts (Unique Blend)

The Key Feature of the fabric is that it is constructed in a way where the inside of the fabric worn next to the skin is predominantly cotton and the outside is polyester. this therefore combines the comfort of cotton with the hardwearing properties of polyester.

- » Easy Care
- » Breathablity
- » Shape Retention
- » Total Comfort
- » Wickability
- » Softness
- » Quick Drying
- » UV Protection

Buckle

Safety Lock

Mobile Holder

Huge step forward on the path toward a greener, safer and cleaner future.

Recycled plastic bottles made into finely weaved yarn for lanyards

RPET stands for recycled polyethylene terephthalate, or recycled PET. PET is a strong, durable and recyclable material that is used for soda bottles, water bottles and food jars, while RPET can be made into such products as blankets, insulation, car parts, shoes and more. RPET is produced by collecting, sorting and recycling PET, then refining the material into flakes that can be turned into new products. Using RPET as an alternative to PVC is a huge step forward on the path toward a greener, safer and cleaner future.
